Fruit.

Raspberries and Cherries will be in short-ly at the right price. Owing to uncertain weather growers are slow to give us exact prices. Keep in touch with us on the phone and we will look after your requirements.

Apricots.

The American fruit is in. However, there will be lots of B.C. Apricots and Peaches this year, so we advise people to wait. We believe the people of Alberta should patronize the B.C. growers whenever they can. B.C. fruit is good this year.

Jelly Powders.

Get in on the Sheriff Jelly Powder deal. No limit to the number of Rogers Spoons you may have, and they do not cost you anything. Per packet of three assorted flavours, 30c.

CHINA OATS. Another shipment in. The premiums are real good and for summer time the Quick Quaker Oats are very popular.

FARMERS!

We Want Your EGGS.

Phone 42

J. R. Miller

We have Poultry Crates for those shipping poultry.

Burnside.

Mr. and Mrs. Ed. Anderson spent Sunday at Noah Eckel's.

The baseball game between the Lone Pine team and Rosebud on Friday evening was stopped by the rain when only one inning had been played. It is expected these two teams will play at the Burnside U.F.A. picnic at the Lone Pine Hall on June 30th.

Mr. Jim McCulloch and Miss Mary Richardson spent Sunday at Sam Elliott's.

The Barnyard Minstrel Troupe of Westcott are putting on an entertainment in our Hall on Friday evening June 25th and will provide a good program of varied order, songs, jokes, duets, dialogues, etc. Don't forget the date.

The most important event of the season—the Burnside U.F.A. annual picnic on Wednesday, June 30th, baseball and all kinds of sports. Dinner at noon, sports in the afternoon also ball game at 11 o'clock and dance in sale. Bring your wife and family evening. Hot supper for all and a basket and come and have the time of your life.

Mr. and Mrs. Chris. Ehret spent Sunday afternoon with Mrs. Arthur Brown at Mr. Kaspar Sanforth's.

Mr. Harold Metz was seen speeding along the highway all alone in a Ford. Watch out girls.

After the heavy rains of the past two weeks the whole district is rejoicing over the wonderful growth that is taking place. Farmers assure us that one can literally see things grow. Certain it is that crops and gardens alike have undergone a wonderful transformation, and the profusion everywhere testifies to the benefit the rains have been to the district.

Among visitors to Calgary on Monday were Mrs. Jas. Ruby, Miss Pearl Ruby, Miss Evelyn Liesemer, Miss Vera Sexsmith and Ben Robinson.

Annual Meeting.

The annual meeting of the Didsbury Co-operative Live Stock Marketing Association, Limited, will be held in Berscht Hall, Didsbury on Wednesday, June 30th, 1926, at 1:30 p.m.

The election of officers, the financial statement for the year ending May 31st, will be submitted.

Other matters of importance will be dealt with.

W. J. McCoy, Chairman.

CARD OF THANKS.

We desire to express our sincere thanks to the many friends in Didsbury, Westcott and surrounding country for the kind interest, help and sympathy offered during the illness and death of a dear husband and father.

Mrs. Edwards and family.

Alberta Provincial Elections. DIDSBURY RIDING.

S. G. WILLIAMS, Esq CONSERVATIVE CANDIDATE

And other Speakers, will address the Electors in the

Didsbury Opera House FRIDAY, JUNE 25.

At 2.30 p.m.

EVERYBODY WELCOME.

KYANIZE

IS HIGH-GRADE.

Kyanize Sanitary Floor Enamel.

A new and different coating for old floors that is washable, sanitary, and exceedingly tough and durable. Will not crack, peel or chip.

Kyanize Floor Finish.

One gallon of this will cover 400 square feet two coats when properly applied.

Kyanize Celoid Finish.

Here is a product that fulfils completely the demand for a durable, lustrous and washable semi-gloss enamel finish for Walls, Furniture and Woodwork.

RED ROSE TEA

"is good tea"

Over 30 years a standard wherever good tea is liked.

Learn a Trade

A striking and highly significant chart has just been issued based on returns made to the Dominion Bureau of Statistics at Ottawa, and one which should convey a sharp lesson to all parents and to thousands of youths and young men.

This chart, which is easily understood, is in two parts. Part one sets forth the average hourly rate paid eight trades in each of thirteen Canadian cities, while the second part shows the average hourly rate of wages paid labor in building trades in these thirteen cities.

The first part, while interesting and instructive, does not carry the same important object lesson to people as does the second part. It does show that the average hourly wage is higher in Winnipeg than elsewhere in Canada, with Regina second, Toronto, Calgary and Edmonton tied for third place, Vancouver fourth, and with Victoria, Hamilton, Ottawa, Montreal, St. John, Halifax and Quebec following in the order named. In the five cities first mentioned the average hourly rate of wage is in excess of ninety cents, including laborers, while in Quebec, the lowest, it is sixty cents.

The second part of the chart shows that the average hourly rate of wages paid taking all these thirteen cities together was as follows: Bricklayers, \$1.10; plasterers, \$1.06; stonecutters, 93 cents; plumbers, 88 cents; electricians, 80 cents; carpenters, 78 cents; painters, 71 cents; laborers, 41 cents. Working these rates out on the basis of an eight-hour day, we get the following results: Bricklayers, \$8.80; plasterers, \$8.48; stonecutters, \$7.44; plumbers, \$7.04; electricians, \$6.40; carpenters, \$6.24; painters, \$5.68; laborers, \$3.28.

In other words, the young man whose parents took a sufficiently deep interest in his welfare to see to it that he learned a trade, or the boy who as a result of his own ambition and initiative mastered a trade, commands a wage two to three times as great as the one who is not so equipped for life's work.

Nor is this all. The trained workman can usually find employment when the common unskilled laborer has to spend half his time looking for work and frequently without being able to get it, or anything better than an odd job now and then. At the present time in several Western cities the building trades are very active, and the statement has been made that there is no need for any man to lack employment. Nevertheless, scores of men were out of employment. Why? Because at the very time when bricklayers, carpenters and other artisans were being imported from other cities to meet the demand, there was a surplus of pick and shovel men for whom no work could be provided.

In modern construction on any large scale, excavations are now dug with steam shovels, cement is mixed by machinery, hoisting is done by machinery, with the result that only a minimum number of laborers is employed. The work is thus done more rapidly and much cheaper, and higher wages can be paid the skilled workers because of the greater and better results achieved. The unskilled laborer alone suffers.

A survey of the work of philanthropic organizations and government and municipal relief bureaus reveals that it is largely to laborers and their families that food and clothing relief have to be provided, while the lists of unemployed men in the Employment Offices is almost entirely those who have no qualifications or classification except that of "laborer."

True, the country must have those who will do the rough pick and shovel work, the simple but heavy work of carrying and lifting, but this need will always be met out of the ranks of those who lack the mental powers, the necessary application, the force of character, to learn and master a trade. But when their ranks are swollen out of all proportion by thousands of mentally alert, physically fit men whose parents, or themselves, fail to provide equipment for any worth while work in life, a situation is created which is extremely serious both for the man himself and his dependents, and the country at large. And these men, who ought to be making a real contribution to the welfare of the race, are actually stumbling blocks in the path of, and a menace to the livelihood of, their less fortunate fellow men who, because of lack of proper endowments, are unfitted for any tasks but those of the laborer.

Parents should not, of course, compel their boys to adopt a trade or follow an occupation against a boy's inclination and desires, but it is one of the duties of parenthood to see that the children are properly equipped for life's struggle, and that equipment should include knowledge of some useful occupation, handicraft or trade. No boy in this country and in this age should be sent forth to face the world unable to do anything but the lowest and cheapest form of manual labor.

Largest Lace Curtain Made

One of the lace manufacturing mills in England has turned out in one piece a lace curtain 159 feet long and 50 feet wide. It is said to be the largest single piece of lace ever turned out in any of the factories throughout the world.

A tablet to the memory of Madame Marie Harel, creator of camembert cheese, has been placed on her cottage in Brittany.

Tests have been made that show that human life can be sustained at 7½ miles altitude.

This Washboard will wear for Years

IT'S so strong you could stand on it without doing it any harm. The rubbing surface is heavy SMP Pearl Enamel, positively smooth as glass, but unlike glass, it cannot break! And it won't wear out, like zinc. The back is heavily re-inforced with wood. It's a washboard that will last for many years, and remember, it is SMP made.

Senate Reform

Question Of Its Own Reform Is Raised In Upper Chamber

Senator McMeans, Winnipeg, in the senate asked: "When does the government propose to call a conference of the provincial premiers to consider senate reform?"

"May I be allowed to ask if this house is anxious to be reformed?" interjected Senator Belque.

Senator Dandurand, in reply, said he would bring the question to the attention of the government, and would suggest at the same time that the opinion of the provincial premiers on the reform of the House of Commons might be secured.

Forest Fires Are Costly

British Columbia Paid Over Three Million Last Year

Forest fires cost British Columbia about \$3,500,000 last year, according to figures compiled by the forest branch of the lands department and made public by Hon. T. D. Pattullo, minister of lands. This total was made up through property losses, including timber of nearly \$2,750,000; \$617,000 spent by the government in fire fighting and \$133,000 spent for the same purpose by private companies.

Trade In Horse Meat

A trial shipment of Alberta-raised horse meat has been sent to Belgium, and if it suits the needs of that market, a considerable trade is anticipated. About two tons of marketable meat were frozen and shipped on a definite order from Brussels, and a shipment was also made to Japan where there is a potential market. If the results are satisfactory a profitable method of disposing of scrub horses will have been developed.

WHEN DIGESTION IS ON STRIKE

Food Fails to Nourish—Relief Can be Had Through Dr. Williams' Pink Pills

Is your digestion "strike over"? Do you turn away from your food at meal times, although you know you need the nourishment your food should give you? Is what you eat followed by pains, flatulence or nausea? These symptoms show that your stomach is in no state to digest food even if you eat it. Do not rely on remedies that merely give temporary relief. A sound stomach depends upon rich, red blood, and if it does not do the work nature intended, the trouble must be corrected through the blood and there is no better way to build up the blood than by taking Dr. Williams' Pink Pills. Every dyspeptic who has tried them is delighted with the improved appetite and renewed strength that so quickly follow their use. Mrs. A. Quinlan, Stratford, Ont., is one who has tested the value of these pills in trouble of this kind. She says: "I feel it a duty to let you know what Dr. Williams' Pink Pills have done for me. Some time ago I suffered severely from indigestion, which left me run down and nervous. I could neither eat nor sleep well, and decided to consult a doctor. He told me that I was almost bloodless and gave me some medicine, but as it did not appear to help me, I decided to try Dr. Williams' Pink Pills. I got three boxes and by the time I had taken them I felt better. I then got three more boxes and when I had taken them I felt like a new woman, and I was again able to do my housework and have not since had any return of the trouble."

Dr. Williams' Pink Pills are sold by all medicine dealers, or will be sent by mail at 50 cents a box by The Dr. Williams' Medicine Co., Brockville, Ont. A little booklet "What to Eat and How to Eat," will be sent free to any address for the asking.

New Market For Canadian Wheat

Mexican Millers Purchase Portion of Their Requirements Here

According to all indications a gratifying success has attended efforts made to induce Mexican millers to purchase a portion of the wheat they need from Canada. During 1925 shipments were made through New York brokers and later direct from Canadian exporters through New York. Now shipments are being made through Vancouver via Panama Canal to Vera Cruz and Tampico. This is a new market for Canadian wheat and promises to be an increasing one. In the eleven months ended February, 1926, Mexico took 110,068 bushels of Canadian wheat, this being more than double the quantity taken in the same period ending February, 1924.

Why Bakers Buy Appleford Wraps

Bread worth wrapping is worth wrapping well. It deserves the full protection afforded by Appleford wraps. Bakers prefer these wraps for three reasons.

1. Quality paper is used which won't tear, or crack under corners.
2. Wax coating won't come off to spoil taste of bread.
3. Our distinctive design improves the appearance of a loaf.

SUNDAY SCHOOL LESSON

JUNE 27

REVIEW: WHAT WE HAVE LEARNED FROM THE BOOK OF GENESIS

Golden Text: We know that to them that Love God all things work together for good, even to them that are called according to his purpose. Romans 8:28.

Devotional Reading: Hebrews 11:4-22.

Rev. W. H. Bennett, in his introduction to the Book of Genesis in The New Century Bible, gives the following excellent survey of the permanent messages of Genesis:—

"The Patriarchs appeal to us, interest and help us, because they are types of classes of men; their adventures were not unfamiliar experiences in the ancient east, and they still stand as vivid pictures and symbols of crisis in human life today. There have been—and are still—many Abrahams who have gone out, not knowing whether they went, in obedience to some dictate of conscience, to some prospect of spiritual advantage, rightly interpreted as the call of God; many Jacobs, who have, so to speak, stumbled into the Divine Presence, when their only thought was of headlong flight from the consequences of weakness, folly and sin; many Josephs, too, who have found in humiliating ruin the appointed pathway to honorable service. Such vicissitudes of fortune or of conduct are not far from any of us, and we are all encouraged by the possibilities of grace suggested by these ancient stories. It is the human, the representative character of these narratives which have preserved them, and procured for them a place in Scripture. Many generations felt that they expressed real experiences, and therefore handed them on as their own testimony also to the righteousness and love of God."

Saskatchewan Fish

More Than a Million Pounds Shipped Annually From Northern Part Of Province

Fifty carloads of fish—more than a million pounds—are shipped annually from Big River, in Northern Saskatchewan, to points in the United States. Large quantities of fish are also shipped from that point throughout the various centres in the western provinces for home consumption. This year shipments of Western Canadian fish have been made direct to Los Angeles, Calif.

Corns are caused by the pressure of tight boots, but no one need be troubled with them long when so simple a remedy as Holloway's Corn Remover is available.

Salt Wells At Fort McMurray

The salt wells at McMurray now being developed by the Alberta Salt Company, are producing twenty-five tons of salt daily, according to advices received. The supply is abundant, two seams ranging in thickness from 120 to 140 feet now being mined, at a depths from 600 to 800 feet.

Minard's Liniment for burns

Wainwright Oil Refinery

Will Have a Daily Capacity of One Thousand Barrels

It is expected that a refinery of 1,000-barrel daily capacity, known as the Wainwright Refinery, will be erected at Wainwright at an early date. This will be approximately the same kind of a plant as that now in operation at Edmonton, with a slightly larger capacity. It is understood that eight new wells are soon to be started in Wainwright field as a result of the success of the Edmonton-Wainwright well.

Her Whole Body Seemed to Be Affected

So Says Ontario Lady Before She Used Dodd's Kidney Pills

Mrs. L. A. Ross suffered with a severe attack of kidney trouble and found relief in Dodd's Kidney Pills.

Ottawa, Ont.—(Special).—"I had a very severe attack with my kidneys about two years ago. So bad, I was laid up for over a week. My whole body seemed to be affected. I lost my appetite and was falling fast. At last I got a box of Dodd's Kidney Pills and got help right away. I have not been bothered since."

This statement comes from Miss L. A. Ross, who resides at 432 Nelson Street.

Other sufferers from kidney trouble tell of pains relieved and health restored through the use of Dodd's Kidney Pills. They strengthen the weak kidneys and remove the cause of the pain.

There is no reason why anyone should continue to suffer when Dodd's Kidney Pills can be obtained from druggists everywhere, or The Dodd's Medicine Co., Ltd., Toronto.

Increase In Grain Shipments

Shipments of Canadian grain to British and European ports during the winter season from Saint John totalled 17,338,000 bushels, an increase of more than 4,000,000 bushels over the season 1924-25.

The use of Miller's Worm Powders insures healthy children so far as the ailments attributable to worms are concerned. A high mortality among children is traceable to worms. These sap the strength of infants so that they are unable to maintain the battle of life and succumb to weakness. This preparation gives promise of health and keeps it.

If every man could believe everything he hears about everybody else how much better he would think himself than his neighbors.

One of the commonest complaints of infants is worms, and the most effective application for them is Mother Graves' Worm Exterminator.

Horn-rimmed spectacles are a complete disguise for Sir Austin Chamberlain. He usually wears a monocle in his right eye.

\$3,000,000 IS VOTED FOR WORK ON H. B. ROAD

Ottawa.—After considerable discussion, the house passed a vote of \$3,000,000 for the Hudson's Bay Railway. The vote went through without a division.

The purpose of the vote is to put into shape for operation the 332 miles of the road from The Pas to Kettle Rapids on which steel has already been laid.

Speeches came mainly from Conservatives, among whom there was a division of opinion over the road. The point was pressed, however, that before embarking on the Port Nelson harbor scheme, it would be advisable to make practical tests of the Hudson's Bay route as a grain carrying route. Hon. Dr. Manion suggested that, to this end, a Canadian Government merchant marine vessel should make trips for three years from Halifax to Port Nelson and give a fair and honest report of the straits and the bay.

Hon. R. B. Bennett was emphasizing the suggestion when a Conservative interrupted that the vessel in its test trip might take the cabinet along.

"Or the board of strategy," shot back Hon. C. A. Dunning.

Immediately after the passing of the Hudson's Bay vote, the house, without discussion, passed two votes for the Welland Canal. One was \$14,000,000 for construction, the other \$145,250 for additional payment to the contractors.

B.C. Sawmill Burned

Big Blaze Throws Two Hundred Men Out of Work

Merritt, B.C.—Two hundred men are out of work in this town in Nicola Valley in the interior of British Columbia as the result of a fire which destroyed the sawmill of the Nicola Pine Lumber Company, one of the largest mills in the province, with a resultant loss estimated at \$200,000.

Several of the employees were rescued from the blazing building only with great difficulty and the whole town for a time was threatened by the embers which were carried for long distances by a heavy wind.

Heroic efforts of the fire fighters resulted in the planing mill, drying kilns and millions of feet of lumber in the adjacent yard to the sawmill being saved, despite the fact that the wind was blowing in that direction.

Higher Production Of Registered Seed

Decided Increase Shown In 1925 Over Former Years

Ottawa.—Canadian production of registered seed of the principal field crops in 1925 shows a material increase over former years according to figures just released by Peter Stewart, secretary of the Canadian Seed Growers' Association. Wheat, barley and sweet clover made the greatest gains, the increases over the previous year being 40,000 bushels, 8,000 bushels and 7,000 bushels respectively.

There is a growing demand from many lands for samples and quotations for Canadian registered seed, which seems to point to possibilities for a flourishing export trade within the near future.

Body Washed Ashore

Windsor, Ont.—The body of Mrs. James Phipps, missing since the middle of the winter, with her husband and three children, who disappeared while driving in a sedan across Lake Erie from Pelee Island, was washed ashore at Sturgeon Bay, three miles from Leamington. The body was identified by Fred Galt, brother-in-law of Mrs. Phipps.

Would Cut Tax On Wines

Ottawa.—The conference of provincial premiers, and other representatives of the several provinces, passed a resolution asking the Federal Government to cut to one-third its taxes on wines and spirits made in Canada and sold to provincial government agencies, and also to reduce to one-half the tax on wines and spirits imported by these agencies.

W. N. U. 1633

Tariff Advisory Board

Manufacturers' Association Expresses Faith That Proper Stand Will Be Taken

Toronto.—Confidence that the new tariff advisory board would deal fairly with the problems which it will be called upon to face, keeping in mind a broad Canadian attitude in their discussions, was expressed by various speakers at the annual meeting of the Canadian Manufacturers' Association.

President J. H. Fortier, Quebec, said: "I think, gentlemen, that when you take your cases to that commission, you will be well received. I have all faith that as Canadians they will take a proper stand."

Regarding the relation of the manufacturers to the rest of the country, the speaker said: "What we want is to show ourselves in a proper light to other classes in the country. Our case is their case; their case is ours. If we could bridge over the gap that appears to exist we would have accomplished something worth while for the good of Canada."

Hon. E. J. Davis, Newmarket, declared that co-operation was evident in Canada today and therefore suggested "a Canadian development committee," composed of men of broad vision to meet representatives of farmers and other classes to discuss matters of interest to all. In this way an excellent condition of affairs could be brought about.

Want Germany In League

Leaders Anxious to Settle Membership Question In September

Geneva.—To get Germany into the League of Nations at the September meeting at all costs appears now to be the definite programme of the league leaders.

If necessary, a special session of the council will be convoked during the summer in order to render impossible any repetition of the March fiasco when the Reich statesmen were obliged to return to Berlin without being elected to membership.

This means that if Spain and Brazil continue their present policy, which is termed here as "sulking," they probably will be jettisoned by the main powers, work of re-organizing the council proceeding without them.

Suggest Co-operation To Stop Smuggling

Matter Discussed at Conference Between Canadian and U. S. Officials

Ottawa.—Closer co-operation between the Canadian and United States Governments in regard to smuggling was under discussion at a conference here between Lincoln C. Andrews, United States assistant secretary of the treasury, in charge of the American prohibition and customs department, Harry C. Whitehall, collector of customs for Vermont, and Hon. G. H. Bolvin, minister of customs for Canada. No announcement of the actual matters discussed was made.

Given Life Membership

St. John, N.B.—Life membership in the National Chapter of the Imperial Order Daughters of the Empire was conferred on the honorary president, Lady Byng of Vimy, as a tribute to the wife of the former commander of the Canadian Corps, by the National Chapter in session here.

SENATE ADOPTS AMENDMENTS TO CUSTOMS TARIFF

Ottawa.—The senate adopted the budget amendments to the customs tariff and the bill was given its third reading.

When these amendments were under discussion, Hon. J. D. Reid, former minister of customs, said from his experience the customs staff on the whole was a good organization. He never could understand how the service administered the customs act at the salaries paid. Men getting less than \$2,000 a year were doing work of the most important character. He did not believe the customs act would ever be properly administered unless competent men were secured by paying adequate salaries.

Hon. Jacques Bureau, late minister of customs, endorsed the remark of Dr. Reid. He believed the present customs staff was equal to any in the government service but are underpaid and under-manned.

There was considerable discussion on the amendment making free certain automobile parts not manufactured in Canada.

Senator Gordon thought that the duty should be maintained and these parts made here.

Senator Dandurand said that when they were manufactured in Canada the duty would be replaced.

Popularity Of Lord Willingdon

Canadians Resident in London Are Pleased With Appointment

London.—Canadians resident in London warmly welcome the announcement of Viscount Willingdon's appointment as governor-general of the Dominion of Canada in succession to Baron Byng of Vimy.

Hon. Peter Larkin, Canadian high commissioner in London, in a statement testified to the gratification with which the news of the appointment had been received in Canada. Right Hon. Sir Hamar Greenwood, Conservative member of the house for Walthamstow East and former chief secretary for Ireland, was equally convinced that a hearty welcome awaits Lord and Lady Willingdon on taking up residence at Rideau Hall, Ottawa.

Withdraws Motion On Egg Grading

Question Will Be Referred To Committee Of Agriculture

Ottawa.—A motion introduced in the house by Hon. Hugh Guthrie (Conservative, South Wellington), which stated that "in the opinion of this house" the system of egg grading which came into force April, 1924, imposed a hardship upon farmers engaged in egg production, was withdrawn, after Hon. W. R. Motherwell, minister of agriculture, had agreed to refer the question to the committee of agriculture.

Murdered in China

Shanghai, China.—Mrs. W. E. Sibley, wife of a Canadian Methodist missionary at Jungshien, Sze Chuan province, was murdered in the streets of Chengtu, in the same province, according to a message from the latter place.

May Organize Wheat Pool For Ontario

Will Likely Work in Close Co-operation With the Western Pools

Toronto.—That the United Farmers' Co-operative Company, Limited, undoubtedly will take the initiative in organizing an Ontario wheat pool to work in close co-operation with the western pools, was indicated by H. A. Gilroy, president of the United Farmers' Co-operative Co., Ltd., in a statement here.

Collin A. Burnell, Winnipeg, secretary of the central selling agency of the western pools and president of the Manitoba Wheat Pool, has been in close touch with executive members of the U.F.O. organizations during the past week, and if the co-operative company decides to proceed with the proposition, it is expected Mr. Burnell will be called upon to assist in the necessary organization.

Mr. Gilroy expressed himself as having complete confidence in the feasibility of a wheat pool for Ontario, but the matter will be threshed out thoroughly at the next board meeting of the United Farmers' Co-operative Company, Ltd., this month.

Hold Royal Court

Nearly Nine Hundred Guests Presented to King and Queen at Buckingham Palace

London.—Plumed, bejewelled and groomed in gossamer court gowns of dazzling beauty, women of social and political prominence were presented to King George and Queen Mary at Buckingham Palace at the first of the season's royal courts.

The King and Queen entertained nearly nine hundred guests, mostly drawn from official diplomatic circles, as is the custom for the first court. About a third of those attending were debutantes and older women who were ushered into the presence of royalty for the first time.

Valuation Of Elevators

Valuation of 451 Elevators in Saskatchewan To Be Made This Month

Winnipeg.—On application of R. H. Milliken, representing Saskatchewan Pool Elevators Ltd., proceedings of the arbitration board valuating the elevators of the Co-op. Elevator Company, in connection with the proposed sale of the Saskatchewan Wheat Pool were suspended, after two sessions. The date is to be fixed at Port Arthur and the arbitrators are returning home. It seems probable the third and final session of inquiry, namely, that dealing with valuation of 451 line elevators located in Saskatchewan will not be proceeded with before June 28.

Canadian Immigration To U. S.

Washington.—Quota limitations on immigration from North, Central and South America on the same basis as now applicable to European countries would be imposed under a bill introduced by Chairman Borah, of the senate foreign relations committee.

Sentenced to Hang

Winnipeg.—Sentence of death was passed on Daniel Procelev for the murder of Annie Cardno, an old-time sweetheart, in Winnipeg, March 16 last. The execution was fixed for August 25. Procelev was unmoved when sentence was pronounced.

GOOD SUPPORT FOR A NATIONAL FUEL POLICY

Ottawa.—Establishment of coking plants in large centres of population and the adoption by the Dominion of measures which would enable Canadian coal to be marketed in Central Canada were recommended by premiers and representatives of provincial governments who appeared before the special committee of the house investigating the Dominion's coal supply.

Premier Ferguson, of Ontario, said his province was willing to bear a fair and reasonable share of the cost of encouraging the coal industry in Western Canada and in the Maritime Provinces. The use of Canadian coal in Central Canada, in place of the importation of this commodity, would, he observed, tend to keep money within Canada.

Hon. W. R. Craig, attorney-general of Manitoba, and H. C. D. Richards, New Brunswick minister of mines, supported the recommendations to provide fuel from Canadian mines instead of importing it.

Mr. Craig said that the experience of Manitoba with Alberta coal had been highly satisfactory. Manitoba was prepared to do its share in supporting a national fuel policy.

Mr. Craig presented a resolution passed at the present conference here of provincial premiers, which expressed the opinion that the Government of Canada should take immediate steps to ensure the establishment of coking plants in the large centres of population, and the adoption of such other measures by the Dominion as will enable Canadian coals to be marketed in the central parts of Canada.

Killed By Senate

Old Age Pension Bill Defeated In Upper Chamber

Ottawa, Ont.—The senate threw out the old age pension bill by a vote of 46 to 21.

The defeat of the bill came on the second reading, which had been moved by Senator Dandurand, Government leader. In the vote, Senator Robertson, former minister of labor, was the only Conservative to support the bill. Sir Allen Aylesworth, Senators J. J. Hughes, and Senator Turritt, all from the government side of the house, voted with the Conservatives against the bill.

Senator W. B. Ross, Opposition leader, said that he believed the government had no constitutional right to invade provincial jurisdiction over such matters as old age pensions.

The bill constituted a discrimination against the maritime provinces because they were unable to participate in the financial proposals of the bill. Senator Belcourt said it would be unfair to deprive some provinces of the advantage of the scheme because others could not take it up.

Senator Beaubien said Quebec opposed the bill.

Senator J. D. Reid said that only one out of the nine provinces had expressed a willingness to participate in the scheme. It should have been dealt with by a conference of premiers before introduction.

Senator Dandurand, Government leader, in moving second reading of the bill, urged that it was a measure of relief for poor working people.

World's Record For Seeding

Winnipeg.—Seeding operations, on a scale said to constitute a world's record, were carried out on the farm of Mrs. H. Joiner, of Spring Coulee, Alberta, on June 7, when 360 horses, 41 cultivators and 20 seed drills were used by neighbors in the sowing of 300 acres. Mrs. Joiner's husband died recently.

Austrian Situation Excellent

Geneva.—The sub-committee for Austria on the council of the League of Nations has voted that the league's financial control over Austria should terminate on June 30 as the situation in that country was excellent.

Economic Commission

Berlin.—An economic commission is to investigate Germany's capacity for production in all lines and her marketing facilities at home and abroad. The new body will begin its investigations immediately.

Across Canada in Eighty Hours

When the Canadian Pacific special mail train came to a stop at the C.P.R. depot at Vancouver, at exactly 5.38 a.m. Thursday, May 6, after its journey across Canada from Quebec, it established a record which, according to the officials of the company, will stand for some time. The trip was made from Quebec in three and a third days, the run from Winnipeg taking 32 hours and 6 minutes, 24 hours faster than the through passenger trains, and three hours faster than the speedy silk trains, the fastest trains crossing the continent. The photo above shows the train on its arrival at Vancouver with the Old Country mails for the Aorangi. The transfer of the mails to the boat took only twelve minutes. Indicating the resourcefulness of the C.P.R., an executive of the company had agreed to get the mails to Vancouver by 7.00 p.m. on May 6. The train came in an hour ahead of time.

**Everybody says—
"it certainly is
good looking" Coupe.**

All the distinction and smart appearance that you would expect to find in a car with body by Fisher. Swung low, gracefully proportioned, finished in attractive Ontario Gray Duco, with smart Landau-bows, this coupe—despite its low price—is at home in any company, on any occasion, business or social. In addition, it provides Chevrolet's characteristic economy and the superbly smooth operation of the Improved Chevrolet valve-in-head motor.

Artillery type wood wheels are standard equipment on the Chevrolet Coupe. Disc wheels may be obtained at slight extra cost.

PRAIRIE PIRATE

"The Prairie Pirate," the story of The Yellow Seal, the boldest bandit on the border.

CONSERVATIVE PRINCIPLES ARE RESTATED BY THE CONSERVATIVE LEADER.

A. A. McGillivray Sets Forth in Plain Language What the Provincial Conservative Party Stands for in Coming General Election.

SPEAKING at Rockyford on Thursday afternoon, June 18th, in support of Hugh Miller, Conservative Candidate in the Gleichen riding, A. A. McGillivray, leader of the Provincial Conservative party, reiterated the items in the policy of the party that he has stated from different platforms in Alberta since being elected leader in August, 1925.

In his usual fighting style, Mr. McGillivray reviewed the record of the old Liberal administrations and the record of the present government. Summing up his appeal to the electorate following the declaration of political principles, Mr. McGillivray said the Liberal party cannot be hidden under the cloak of one new convert.

GIVE THEM CHANCE

The present government has failed to cope with public questions, the chief of which are redistribution, the northern railways, natural resources and the finance problem that it has had to face, then why not give the provincial Conservative party a chance to demonstrate what it can do? Mr. McGillivray left here at 8 p.m. for Oyen and other points in Acadia riding.

In reiterating points in the Conservative policy that have been enunciated by him from many platforms since he took the leadership of the party in August 1925, Mr. McGillivray said: "I have not gone in for the form of political advertising that is known as the manifesto. I observe that them in 1921. He issued one the Liberal leader leaned toward which commenced as follows: 'Truer representative government to replace the party system. Independent candidate in West Calgary outlines constructive proposals for the establishment of a democratic government freed from partisanship and partyism. Proportionate representation truly reflects popular will. Patronage system which is vital to the maintenance of party system, and is today a national scandal, will disappear under the reformed method of election.'"

"In so much as the new manifesto of the Liberal leader commenced as follows:

"Liberal manifesto—J. T. Shaw, Liberal leader, issues statement of party policy," and in so much as this latest manifesto by Mr. Shaw, in so far as it does not consist of copy-book platitudes and glittering generalities, is partly taken from the pronouncements of the Conservative party, it may be well for me to restate the position of the provincial Conservative party upon some of the provincial issues, a position taken and given public expression to on the platforms of this country at times when Mr. Shaw was still an Independent.

CONSERVATIVE PLATFORM

"The provincial Conservative party stands for the following:

"1. Redistribution whereby the number of constituencies will be reduced so that there will not be more than 45 members in the legislature. This reduction to be made having due regard both to population and to the sparsely settled areas.

"2. Reduction in the amount paid as sessional indemnities of members by \$500.

"3. A determined effort to make of the United Farmers of Alberta organization something more than a mere political machine and to advance its development along social and economic lines.

"4. The encouragement of co-operative marketing. Even as supporters of the Conservative party brought Sapero to Alberta without thought of political advantage, so will the Conservative party support any movement for the benefit of the farmers, without seeking political glorification.

MONEY FOR ROADS

"5. A fair proportion of the moneys expended on roads being deflected from spectacular trunk

roads to farmers' market roads.

"6. In so far as it lies within the legislative control of the province, keeping check over grain elevators with respect to the weighing and grading of grain.

"7. A real soil survey of the drouth areas of the south by the greatest agriculturalists available.

"8. Putting our provincial telephone system on a business basis.

"9. Furthering any practical scheme providing for rural credits.

"10. Equality of men and women under the law.

"11. A recognition of the fact that labor unions are as much an essential product of modern economic life as are the large corporations and that they tend to bring about equality in wage bargaining that would not exist if the individual had to bargain with the great corporations.

RIGHT OF APPEAL

"12. Providing a right of appeal under the Workmen's Compensation Act from an autocratic compensation board.

"13. Raising the scale of Compensation for railwaymen in non-negligence cases to the level enjoyed by other classes of workmen.

"14. Equitable distribution of the burden of taxation for upkeep of the schools.

"15. A most careful consideration of all possible ways and means for providing security of tenure and a practical pension scheme for teachers.

"16. An examination of the school courses by education technicians with a view to making certain that our student body is not faced with an overloaded curriculum.

"17. Revaluation and sale on the proper terms of E.D. & B.C. and Central Canada railways, with a consequent saving of nearly one million dollars a year.

"18. The obtaining of our natural resources on fair and equitable terms without any school question or other strings attached thereto. (The provincial Conservative party has stood for this since 1905.)

BALANCING THE BUDGET

"19. The yearly balancing of the budget. In September, 1925, while advocates of this government were still saying that it could not be done without injuring essential services, the Conservative party took the position, as it does now, that the budget could and should be balanced in each year.

"20. A complete reversal of the former Liberal and the present government's attitude toward capital by encouraging in every possible way those who have money to invest in the exploration and utilization of our natural resources of all kinds.

"21. A provincial immigration and colonization policy to supplement the efforts of the Dominion government to get people and to retain them when we get them here, so that with more people amongst whom to distribute the load, we may hope to cope with our debt and our ever increasing burden of taxation. The provincial Conservative party is determined to bring about an inflow of capital and of people, because the future prosperity of our people is inseparably associated with these.

"22. One system of voting for both city and rural constituencies.

"23. An immediate decision as to the Sprav Lakes water power project.

"24. More local autonomy in municipal affairs."

(Issued by Provincial Conservative Association.)

SALE COMMENCES TWO O'CLOCK SHARP.

TERMS CASH

A. T. Johnston,
Owner.W. G. Liesemer,
Clerk

J. W. Phillipson, auctioneer.

Local and General.

Mrs. Evans, mother of Mrs. Geo. Lantz, left on Monday for her home at Blue Earth, Minn.

Mrs. Jas. Devolin left on Monday for Ivanhoe, Ont. She will stop over in Calgary to attend her daughter Stella's wedding.

A. T. Johnson has given instructions for an auction sale to take place at his farm, half mile east of Rosebud school, on Tuesday, June 29.

The Women's Institute will meet at the home of Mrs. John Metzgar's, Friday July 2nd, at 2.30. All members and visitors are requested to be present.

The Ladies' Aid of Knox United church will hold a strawberry festival on the lawn at W. J. McCoy's home on Wednesday evening, June 30th, commencing at 6.30 p.m. Musical program will be rendered during the evening.

Considerable postage, not to say loss of time, can be saved this newspaper if subscribers will only take note of the expiration of their subscription. Every copy has a label, and the Pioneer would ask you to kindly allow this to act as a reminder.

Will advertisers in future kindly help us out to the extent of getting copy for their advt. into this office earlier. When copy is crowded in on Wednesday it doubles the work for that day

and exposes the Pioneer to the risk of losing the mail.

Rugby Women's Institute will hold their Annual Picnic on July 1st, at Rugby school house. A picnic lunch will be served at one o'clock (cafeteria style). Foot races for all ages and a ball game will be carried on. Come and enjoy yourself.

A sale of work and home cooking will be held under the auspices of the ladies of St. Cyprian's Church, on Saturday, June 26th, at the Opera House. Your assistance and support will be appreciated.

Following up the success Westerdale believes it can be corded by its minstrel troupe, Westerdale believes it can be equally successful in the realm of sport, and is now making preparation for a big day on July 29. We are assured the program will be a most interesting one and will show an improvement over even last year.

The Didsbury Agricultural Society wish to impress upon the people of the district the need of their co-operation to ensure the success of the fair and sports to be held on August 10-11. Cash donations are solicited. Mail in your money to the secretary, or make it a point to see C. W. Gibbs or Bert Cressman.

The new golf course recently

prepared by the members of the Didsbury Golf Club is now in fine shape, and every evening sees a large number of the citizens frequenting the ground there. Additional interest is being taken this week owing to the commencement of a tournament. With the fine weather now prevailing it is a boon and a joy to get out there after the business worries of the day. There is ample room for many more members and Mr. J. C. Clarke of the Bank of Montreal will be glad to receive your application.

ST. CYPRIAN'S CHURCH (Church of England)

Services will be held in the above church on the second and fourth Sunday in each month at 11 a.m. and 7.30 p.m. respectively.

Rev. H. Clay,
Incumbent,
Olds, Alta.

LOST

Better

McLaughlin-Buick, always a good car—now BETTER!

BETTER PERFORMANCE

New refinements give McLaughlin-Buick greater power and speed. The Sealed Chassis and Triple-Sealed Engine protect all working parts. The Six-Cylinder, Valve-in-Head Motor delivers seventy-five actual horsepower. Mechanical Four-Wheel Brakes give positive braking in all weathers and temperatures. Torque-tube Drive, Cantilever Springs, Multiple Disc Clutch and many other features add still further to McLaughlin-Buick's BETTER performance.

BETTER APPEARANCE

Fine, Fisher-Built, Closed Bodies—graceful, low lines—exquisite Ternstedt interior fittings—high-grade plush upholstery—highly-polished Duco finish in colors—mark the BETTER McLaughlin-Buick as a car of grace and beauty.

BETTER VALUE

The aim of McLaughlin-Buick has been a BETTER car. Public acceptance resulting in increased sales, has made it possible to produce and sell this BETTER McLaughlin-Buick at even lower prices.

The new low GMAC financing rates are available to purchasers of McLaughlin-Buick on time.

THEY STATE IMPORTANT FACTS

Vote "1" for A.B. Claypool

In voting for a candidate an
elector should exercise the same
care as he would in engaging a
manager for his business.

The main question should be
"What are his qualifications, and
his record?" You judge a pros-
pective employ, not on what he
promises to do, but what he has
done.

The Liberals have a record of
office in this Province. This
record they do not, and cannot
defend. The public, however,
has not forgotten it.

The Conservatives have no re-
cord at all. Their return, as
that of the Liberals, would mean
a return to the party system, and
all that it implies.

The U.F.A. ask for your vote
on June 28 on their record for
past five years. They offer a
continuation of sound business
administration for the benefit of
the people of Alberta as a whole
and co-operation in place of party
division.

The only argument Liberals
and Conservatives offer is that of
promises. The Government's
argument is performance.

During the past five years, the
cost of administration has been
reduced 14 per cent., the Civil
Service has been transferred from
a basis of patronage to a basis of
merit, a real highway policy has
been put into effect, health and
education services have been in-
creased, etc. Efficiency is much
greater in every department of
government as a result of trans-
ference from a basis of party
favoritism to one of business ad-
ministration.

The Government have had to
face the opposition of the daily
press, they have had to shoulder
the legacies of railways, irri-
gation schemes, cow bill, seed and
feed relief payments, etc., res-
ponsible for our present debt.
They have had to face the in-
action of the Liberal Govern-
ment in Ottawa with regard to
natural resources, railway and
colonization responsibility, pro-
vincial control of power and min-
eral development, etc. But de-
spite these handicaps they have
made remarkable progress.

Note the improvement since
1921.

Progress Of The C. N. R.

The most encouraging reading matter to be laid before the people of Canada for many years was that setting forth the complete operating results of the Canadian National Railways for the year 1925, supplemented a few weeks later by the statement made to Parliament by Hon. C. A. Dunning, the new Minister of Railways. The Canadian National Railways, and its predecessors in the various separate lines which now constitute the National system, have for so long been a financial burden on the Canadian taxpayer, that it is a distinct relief to read the really splendid showing of the system last year, and the further betterments already reported for 1926.

The net earnings of the Canadian National last year were nearly double those of 1924, being \$22,264,111 as compared with \$17,244,251. This substantial betterment was brought about in two ways, by an increase of nearly ten million dollars in operating revenues, and a decrease of over five and one-half millions in operating expenses. Net earnings in 1925 were twelve times what they were in 1922.

Supplementing this annual statement for 1925, Mr. Dunning was able to inform Parliament that for the first four months of 1926, net earnings of the Canadian National amounted to \$9,689,217, a record for any similar period in the history of the amalgamated system, and the Minister was therefore in the happy position of being able to say that "given a reasonably good harvest and freedom from traffic losses due to labor difficulties it may be possible for the National Railways to pay this year their entire interest charges due the public."

That is to say, if present conditions are maintained, and the promise of the 1926 crop realized, the Canadian people this year will not be called upon to make good any deficit out of taxes.

For the first time, too, the Canadian Government ships, now operated by the Canadian National management, showed an operating profit during the first four months of 1926. The National Railways are carrying cargoes to the ships, and the ships are bringing traffic to the railway.

Sometimes operating betterments are shown by cutting down expenditures in the provision of needed equipment and in maintaining a railway fully up to standard. In the case of the Canadian National, however, it is satisfactory to learn that this is not the case. On the contrary, the physical condition of the system has been steadily improved and better, not less satisfactory, service provided.

As pointed out in a recent article, it was this improvement in Canadian National finances which was an important factor in enabling the Minister in his recent budget to lower the Income Tax, return age, wipe out the receipt tax, and reduce the Customs duties on certain types of automobiles. Thus, not indirectly, but directly and immediately the people of Canada enjoy a measure of tax relief because of the success being achieved by Sir Henry Thornton and his co-workers in the management of the Canadian National.

If the expectations of Sir Henry and Mr. Dunning are realized this year—and present indications are that they will be—then further taxation relief may be looked for, or, as an alternative, a start made in the direction of reducing the enormous war debt which the Dominion now has to carry. Either step, of course, would mean a further reduction in the financial burden and obligations of the Canadian people.

Finally, it is a matter of particular national gratification that this steady and even rapid improvement in the Canadian National has been brought about without doing any injury whatever to Canada's other great national railway, the Canadian Pacific. The C.P.R. also reported a very successful year in 1925, far better than was expected during the earlier months of that year, and thus far in 1926 it continues to further improve and strengthen its position. Much as Canadians desire to see the Canadian National prosper and more than pay its way, they are equally desirous of seeing the C.P.R. grow and prosper. There is no wish to advance the welfare of one system at the expense of the other. Both are national systems in the true meaning of the term, and both can and are rendering services of immense value to the Dominion.

With increasing immigration, a general renewal in all lines of industry and commerce, and given a good crop throughout the country this year, the future of Canada's railways is encouraging.

Ding—"What kind of a doc is Jones?"

Link—"I thought he was an eye doctor till I got his bill; then I found he was a skin specialist."

Life's journey is so tiresome that a man is out of breath when he reaches the end of it.

Husband (irritably).—"Can't you remember where I left my pipe?" Wife.

No, dear. Husband.—Bless me, that just shows the forgetfulness of women.

A clever girl is one who knows what you do mean when you say things you don't mean.

Children Cry for

Fletcher's CASTORIA

MOTHER:—Fletcher's Castoria is especially prepared to relieve Infants in arms and Children all ages of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving natural sleep.

To avoid imitations, always look for the signature of *Dr. H. Fletcher*. Absolutely Harmless—No Opium. Physicians everywhere recommend it.

Stage Historic Pageant

Edmonton Exhibition to Have a Novel Attraction This Year

Hon. Frank Oliver will open Edmonton exhibition this year, July 12. The board of management felt that it was peculiarly fitting that this honor should fall to Mr. Oliver in view of the fact that this year marks the 21st anniversary of the creating of the province of Alberta with the early history of which he had so much to do.

The Old-Timers' Association, 800 strong, is taking active interest in the historic parade, which is the exhibition's method of marking the anniversary and has moved the original building of the Bulletin, Edmonton's first paper, to a place beside their club house on the exhibition grounds. The pageant will be officially known as "The Coming of Age," and will have 15 episodes.

Joint Stiffness Goes, Swellings Disappear, Pain Is Subdued

No Liniment Gives Such Universal Satisfaction As

NERVILINE

It is the great penetrating power of Nerviline that makes it so efficient in overcoming swelling, stiffness and inflammation. It rubs into the very core of the pain, penetrates quickly through the tissues, and brings a warm, comforting relief at once. No liniment compares in pain relieving power with Nerviline. For the minor pains and ills that arise in every family, Nerviline should always be kept handy on the shelf. Use it for Rheumatism, Lumbago, Neuralgia and Colds. 35 cents at all dealers.

Money In Potatoes

Owing to the shortage of potatoes in Canada and the United States, farmers in the Sault Ste. Marie district have been marketing their potato crop at good prices. Recently a farmer in the township of Laird sold \$1,000 worth of potatoes at \$2.50 per bag.

His Back Has Not Bothered Him Since

Why Mr. Marchbank Knows Dodd's Kidney Pills Are Good

New Brunswick man is enthusiastic over the remedy that brought him relief—Dodd's Kidney Pills.

Sussex, N.B. — (Special). — "My trouble first started from a strain and bothered my back so much. I was laid up most of my time. I saw several doctors but they did me no good. I took about six to ten boxes of your Dodd's Kidney Pills and my back has not bothered me for over two years now. You may publish this if you wish."

This statement was sent to us by Mr. H. J. Marchbank, a well-known resident of this place.

Mr. Marchbank's lame back was caused by sick kidneys. That is why he got such prompt and permanent relief from Dodd's Kidney Pills. They act directly on the kidneys strengthening them and enabling them to do their full work of straining all the impurities out of the blood.

Impurities in the blood are the seeds of disease. Dodd's Kidney Pills make good health by removing the seeds of disease.

Alberta Oil Boom

Nearly Fifty Wells to be Drilled in Turner Valley Field

Oil drilling operations in Southern Alberta continue at a steady pace and a recent survey of the industry shows that nearly fifty wells are drilling or about to be started this year in the Turner Valley field alone. The E. J. Milley Exploration Co., of California, is planning to drill several wells in the Many Island field near Medicine Hat. It is also stated, although unconfirmed, that the Dutch Shell Oil Company, will invade the Alberta field in search of oil.

Give Him the Gas

"Sistah Jones, 'Ise takin' up a collection fo' de benefit of our worthy pastah," exclaimed one of the brethren. "You know, he's leavin' us fo' to take a church down in Mobile, an' we thought, we'd get together and give him a little momentum."—The Churchman.

SUNDAY SCHOOL LESSON

JUNE 20

JUDAH'S PLEA

Golden Text: A broken and a contrite heart, O God, thou wilt not despise. Psalm 51:17.

Lesson: Genesis 44:18-45.

Devotional Reading: Psalm 51:8-14.

Explanations and Comments

Benjamin Is Accused of Stealing Joseph's Cup, verses 1-17.—See the Historical Background. Joseph has laid a skilful trap as a final test of his brothers. They have left the city behind and are headed toward home, rejoicing that they have with them corn enough for all, and thinking no doubt of how interested their father will be in hearing about their dinner with the great governor of Egypt. Suddenly Joseph's steward overtakes them and by his first words plunges them into the blackest despair. "Wherefore have ye rewarded evil for good?" he begins, and then accuses them of taking his master's silver cup, the one whereby he divineth.

The brothers protest their innocence, referring to their honesty in returning the money found in their sacks on their previous journey, and declaring that the thief, if thief there be among them, shall be put to death and the rest of them become slaves. The steward offers easier terms: the thief alone shall be his master's slave. They are kept in harrowing suspense as the steward passes from the oldest down, examining sack after sack. They are feeling safe when Benjamin's sack is reached. And then consternation takes the place of exultation. The presence of the cup in Benjamin's sack, like that of the money in all their sacks before, cannot be explained. Is there a supernatural agency at work bringing them to account for their evil past?

"We can picture what would have been done had the ten men been of the same temper displayed at Dothan. But the distance in space from Dothan to Egypt was exceeded by the distance they had traversed in moral advance. They do not stop for recrimination nor for discussion—they act promptly as one man. They rend their cloths and load every man his ass and return to the city" (Dr. C. R. Brown).

Growth Of B.C. Industry

Production Has Increased at Rapid Rate as Shown by Figures

Great faith in the future of British Columbia has been shown in the establishment of many new industries and the expansion of those already existing, according to A. A. Milledge, secretary of the B.C. products bureau. In 1910, there were 392 plants in the province having a production valued at \$35,000,000 and employing 11,000, with a payroll of approximately \$14,000,000. In 1925 the number had grown to 1,500 plants with a production of \$190,000,000 and a payroll of \$11,000,000 to 38,500 employees.

Big Fair Opened

Sesqui-Centennial Exposition in Philadelphia Is Now Underway

Philadelphia's Sesqui-Centennial Exposition, celebrating the 150th anniversary of the signing of the Declaration of Independence, got underway May 31st, and will remain open until November.

There was a parade three miles long; there were 150 guns, 20,000 spectators; addresses by Secretary of State Kellogg, Secretary of Commerce Hoover and Mayor Freeland Kendrick.

Sir Walter Raleigh spread his cloak across the puddle for Queen Elizabeth. "Tread on this, your majesty," he said, "you are in danger of getting wet." "So's your old mantle," retorted Elizabeth.—Boston Transcript.

British Royal Princes All Barristers

H.R.H. the Duke of York was called to the bar and made a bencher of Gray's Inn last month. Following ancient tradition, British Royal Princes always become barristers, but are not required to pass the usual examinations.

WEAK AND NERVOUS

A Condition Always Due to Thin, Watery Blood

Thin blood and weak nerves generally are found together. Red blooded people seldom complain of nervousness. The reason is that the blood feeds the nerves and keeps them toned up to do the work nature intended. When the blood is thin and weak it fails in this important function and nervous troubles follow. The following case will interest those who need a tonic for the blood and nerves. Mrs. D. Veno, Union Square, N.S., says:—"With a feeling of gratitude I write to tell you what Dr. Williams' Pink Pills did for me. I had become badly run down, and reached the stage when I could not do my housework. I was not only weak, but my nerves seemed completely shattered. The least noise would startle me and I was subject to nervous headaches. Worse still, I could not sleep at night. Perhaps I would get an hour or two sleep, and then lie awake for the rest of the night. I had reached a stage when I actually feared I would lose my mind. Up to the time I decided to take Dr. Williams' Pink Pills, nothing I had taken seemed to do me any good. I got a few boxes of these and soon there was no doubt they were the medicine to help me. As I continued the use of the pills I gradually grew stronger, ate better and could sleep at night, and now I am as well and strong as a woman could wish to be. I hope some other weak, nervous person will be benefited by my experience."

Dr. Williams' Pink Pills are sold by all medicine dealers or by mail at 50c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

George.—My razor doesn't cut at all. George.—Why, George, you don't mean to tell me that your beard is tougher than the olecloth I cut with it this morning?

Miller's Worm Powders are complete in themselves. They not only drive worms from the system, but repair the damage that worms cause and so invigorate the constitution that it speedily recovers from the disorders of the digestion that are the result of the work of these parasitic intruders. They do their work thoroughly and strength and soundness follow their use.

Galton, who classified fingerprints to aid in identifying criminals, figured that exact duplication of prints would occur only once in 65 billion cases.

She Could Hardly Do Her Housework Nerves Were So Bad

Mrs. I. M. Parks, Concession, Ont., writes:—"I had heart and nerve trouble, and became so short of breath I could hardly do my daily housework, and was so nervous I could not think of staying alone, as every little sound I heard felt like a shock to me."

I Saw

recommended, so I tried a box, and after taking the second one I am now feeling like a different woman."

This preparation has been on the market for the past 32 years and has achieved a wonderful reputation for the relief of all heart and nerve troubles.

Edmonton Exhibition.

"The biggest and the best fair ever held in Edmonton" is the consensus of opinion of those who are familiar with the arrangements for the Edmonton Exhibition and Historical Pageant, July 12 to 17.

There have never been such outstanding head-line attractions. The famous H. M. Coldstream Guards Band, universally recognized as one of the premier musical organizations of the world, will in itself be worth a great deal more than the cost of admission. Then there is a grand Historical Pageant, celebrating the coming-of-age of the city and province, with a cast of six hundred persons, all working together in a mass of color and a maze of movement on a huge, specially constructed stage. This mammoth spectacle will tell the thrilling story of the development of Edmonton and Western Canada.

Other attractions include district exhibits of agriculture and dairy products from a number of electoral districts in northern and central Alberta; some of the finest grand-stand attractions ever seen in the west; the renowned Johnny J. Jones midway shows;

exceptionally brilliant fireworks displays; horse races each afternoon; valuable collection of oil paintings from Metropolitan Museum of Art, New York; champion cat and dog shows; special classes for canaries; and special sweet pea displays.

All entries for the Exhibition will close on June 30.

Calgary Exhibition and Stampede.

Great preparations are being made for the Calgary Exhibition and Stampede, to be held July

5th to 10th next. Every year this great annual holiday event is enjoyed by larger crowds and the event itself is improving in the matter of size, thrills and educational features. This year all previous successes will again be surpassed. It is the extraordinary features of the Calgary Exhibition and Stampede that makes visitors so enthusiastic. No other Exhibition and Stampede provides such entertaining free features up-town. These include the great opening feature, the Stampede Parade, held Monday morning, with thousands of Indians, cowboys, chuck-wagons, mounted police, old-timers, industrial floats, etc. In this par-

ade, there will be at least 1500 horses and nine bands.

On Tuesday and Thursday mornings, there is the up-town street display, where autos are barred and cowboys, Indians, chuck-wagons, old-timer's outfits, packing competitions, etc. provide colorful programme never to be forgotten. Special prize list has been issued for these events and may be had on application. Friday night is the night of the great cowboy and old-timer's ball, when ten thousand dancers will step to music provided by five bands. In all of the above events, His Majesty's Coldstream Guards Band will participate.

Try it tonight before you go to bed. Note that it gives you instant relief from the most burning itch and pain. Then when you rise in the morning, note the almost unbelievable improvement in the condition of your skin. A fluid, beautiful in color, stables, with a pleasing odor—delicate, yet a powerful agent for skin diseases. The first \$1.00 bottle relieves you or your money back. Try D. D. D. soap, too.

NABOB TEA

"Tea as it should be"

W. N. U. 1623

Symbol Of Armed Force

German Military Uniforms Seen At Peace Conference

German military uniforms were the only military uniforms visible at the conference table at Geneva when experts under the auspices of the League of Nations began their official discussions on May 18 at Geneva, Switzerland. The one great nation theoretically already disarmed, Germany was the one nation to appear with the symbol of armed forces. That incident graphically explains the reason why the voluntary disarmament of nations in Europe is extremely difficult.

It is not armament that makes a nation dangerous, but an armed mind. The fact that Germany has been forced to destroy most of her weapons of war and to disband her great military machine does not make her neighbors safe if she thinks in terms of arms and armules. Of all the problems before those experts at Geneva, the chief is that of finding a way to secure moral disarmament.

Cancer Without Operation

Cantassium Treatment Recommended By a Leading British Authority On This Disease

"It is a strange thing that concerning almost every 'cure' for cancer which has been advanced by either the medical profession, or by the greatest quack or impostor that ever existed, if that so-called 'cure' could be shown in any way to benefit a case of cancer, or in any way to modify the course of the disease favorably, or even be suspected of prolonging life, that on examination, it will be found that, if the drug or nostrum which is lauded be carefully examined and looked into, potassum, in varying quantities and proportions, will be found to unwittingly form one of the main constituents of such drug or nostrum. Take for instance, the so-called 'violet-leaf cure,' or the 'willow-infusion cure' of cancer. These two 'cures' are made by procuring violet leaves in large quantities and boiling them down and then drinking the water in which they were boiled. Willow bark and willow leaves have been treated in the same manner, and the water in which they have been boiled has been drunk with the assertion that cases of cancer have been known to benefit. The above claims, put forward for both 'cures,' have been supported by members of the profession on many occasions."

"Every quack nostrum prepared by the infusion of any herbs can be shown to contain, all of them, one common product of nature present in all vegetable life—potassum salts."

"No method of treatment yet practised by the 'ultra-orthodox' among the members of the medical profession but can be shown scientifically to owe its method of action to influencing directly or indirectly the potassum economy, and perhaps, also the economy of the earthy salts of the body."

"There are many in the medical profession who will at once refuse to listen to or attempt any form of treatment other than that recognized and smiled on by the 'experts' in cancer, or rather cancer as it has hitherto existed and been treated."

"There are those in the profession who will attempt the treatment at the earnest request and pressure of a dying man or woman, and only half-heartedly carry it out."

"There are those in the profession who are of an introspective and pessimistic turn of mind who will start by saying it is no good, will honestly believe it is no good, and will ultimately prove themselves to be quite right."

"There are those in the profession, very few thankfully, who won't be bothered and who don't care."

"There are those who take a delight in proving everyone else but themselves to be quite wrong."

"There are those in the profession who, with the best of intentions and otherwise, spend their time in eagerly misrepresenting affairs and other persons."

"There are others, very many, whose name is legion, who will strive hard, and worry, and fret, and eagerly watch, and become over anxious, and earnestly try and give the method a fair and just application, not trial."

The late Dr. F. W. Forbes Ross, M.D., Edin., F.R.C.S., Eng., D.P.H., Lond., Civil Surgeon His Majesty's Guards' Hospital, London, and for more than 20 years practising in London as a recognized cancer authority, was the discoverer of what is now known as the cantassium treatment of cancer. The above quotations are taken from his book, "Cancer: The Problem of Its Genesis and Treatment," and in view of the fact that, out of all the many Canadian and American sufferers to whom I freely sent home treatment directions before the press generously published them, I have yet to hear from the first who has not been benefited, I suggest that all who are stricken with this terrible disease of the blood will do well if they satisfy themselves as to which of the above classes, ably defined by Dr. Forbes Ross, their own doctor belongs. By so doing, many a sufferer may avert the antiquated and unsatisfactory methods of treatment in vogue prior to the doctor's priceless discovery. Charles Walter, 51 Brunswick Avenue, Toronto, Canada.

CANCER

Great Success Of

CANTASSIUM TREATMENT

A well-known London surgeon and recognized authority on Cancer has created world-wide interest in the discovery that Cancer is due to a deficiency of potassum "salts" in the body, which causes the cells to break down and become malignant.

In order that every one may learn **The Real Cause of Cancer** a remarkable book has been specially written.

This book will be sent free to patients or any one who is interested in the most successful method of fighting "THE CANCER SCOURGE."

The following is a list of the chapters:

1. The Limitations of Surgery; 2. Some Doctors Oppose Operation; 3. What Cancer Is; 4. Why the BODY CELLS BREAK DOWN; 5. Injurious Cooking Methods; 6. Common Errors in Diet; 7. Vital Elements of Food; 8. Medical Endorsement of Our Claims; 9. The Chief Minerals of the Body; 10. The Thyroid Gland; 11. Age When Life Begins to Accumulate; 12. Potassium Causes Lime Excretion; 13. Great Value of Potassium; 14. Parts of Body Liable to Cancer; 15. Parts Which Are Seldom Affected; 16. How a Doctor Can Help; 17. How to Avoid Cancer; 18. Death-rate From Cancer; 19. Arterial Sclerosis and Old Age; 20. Rheumatism, Gout and Kindred Complaints.

With this book are a number of interesting case-reports proving the great value of "Cantassium Treatment" in various cases. The treatment is simple and inexpensive, and can be easily taken in one's own home.

"IDEAL Fashions"

by *Jean Belle Hamilton*

1308

Attractively Simple

An interesting return to the modes for the younger generation, is that of the old-time and delightful chaille. A practical frock for the little miss from 2 to 8 years is pictured here, fashioned from chaille. The dress is so simple it can be made in a few hours. The sleeves have raglan shoulders, and the neck has gathers at both front and back, and may be finished with a round collar as illustrated, or a narrow band. An attractive touch of color is given to the front by two rows of colored thread, run in long-and-short-stitch from the neck to the outer edge of the tabs, which simulate pockets. The bloomers are gathered into bands at the knees and waist. No. 1308 is in sizes 2, 4, 6 and 8 years. Size 4 years requires 2 1/2 yards 32-inch material for complete dress. Price 20 cents.

Our Fashion Book, illustrating the newest and most practical styles, will be of interest to every home dress-maker. Price of the book 10 cents the copy.

- 52—To act.

To Preserve Niagara's Beauty

Scenic Beauty Of Niagara Falls Is To Be Safeguarded

Constitution is under way of a joint committee representing Canada and the United States to discuss:

- (1)—Preservation of the scenic beauty of Niagara Falls.
- (2)—The quantity of water which may be further diverted from the Niagara River without interfering with the beauty of the falls.

Canadian representatives on the committee are Col. O. M. Biggar, Ottawa; J. G. Johnston, chief of the water powers branch, department of the interior, Ottawa, and Dr. C. F. Cammell, deputy minister of mines, Ottawa. Names of the United States representatives on the committee have not yet been received.

Sores Heal Quickly.—Have you a persistent sore that refuses to heal? Then, try Dr. Thomas' Electric Oil in the dressing. It will stop sloughing, carry away the proud flesh, draw out the pus and prepare a clean way for the new skin. It is a recognized healer among oils, and numbers of people can certify that it healed where properly applied.

Not Coming To Canada This Year

Prince of Wales Not Visiting Ranch Says Calgary's Mayor

The Prince of Wales will not visit Calgary and his ranch for some time, and probably not this year, according to Mayor G. H. Webster, who had an audience with the Prince at St. James' Palace when he was in England recently.

According to the mayor, the Prince was greatly interested in conditions here and asked a number of questions about Canada.

A safe and sure medicine for a child troubled with worms is Mother Graves' Worm Exterminator.

Department Stores Merge

Merger of 20 department stores located in as many cities and towns of Ontario as rumored some time ago has become an accomplished fact according to the Financial Post. It is stated that \$9,000,000 is involved in the transaction and that the annual turnover of the interests merged amounts to \$10,000,000 a year.

What is bothering some of the extreme feminine agitators is that even in emancipation there is a man.

Practice makes perfect and the neighbors feel like smashing the piano.

Strange, Romantic Love Adventures of the Flapper you know!

Joanna
by H. L. GATES

Copyright 1925 by H. L. GATES

Published by arrangement with First National Pictures, Inc.

CHAPTER VII.—Continued

"I promise Miss Manners that I shall always be ready to believe—whatever she wishes to tell me, and that I shall keep myself at her feet, eagerly listening." Smiling down at the girl, he murmured, softly: "Shan't we make that a bargain?" Then the caress came into his voice: "Shall we set apart an evening for the beginning of my devotion? Tomorrow, I petition most humbly!"

She hesitated, confused, her glance falling. She was about to turn again to John, but Brandon sensed the impulse and touched her wrist with his fingers. She shot her eyes up to his quickly. The touch burned her, but she decided instantly to accept his challenge.

He did not give his hand to John, but bowed lightly. Joanna went into the hall with him. Quite suddenly he put his hand on her shoulder and brought her around until she faced him.

"Don't make mistakes, Joanna," he said, earnestly. "There's a destiny before you, now. Your perspective isn't that of the shop girl any longer. Suddenly his nonchalance returned. She felt that the smile at his mouth was mocking her again, and that he was really taunting her, when he once more lifted her fingers to his lips. She tried to persuade herself that he was just a different kind—the difference of breeding, blood and association, from the boys who called her "kid" and asked for a kiss as soon as they happened to be alone. His difference from John—that puzzled her! For John wasn't like any of the other boys or men, either. He always wanted to

Criticism From U. S.

Men Who Dump Aliens Across Border Are Severely Censured

Severe criticism of "degraded men" on the Canadian side of the international boundary who induce people to pay over virtually all the money they have to bring them safely into the United States, and then "dump" them across the line and let them shift for themselves, is contained in a report of the New York State Commission of Prisons. The report describes such practices as despicable.

"The commission" should urge the United States authorities to call the attention of the Canadian authorities to this practice and see if the men who are responsible for it cannot be apprehended and punished," the report says.

wondrous thing with his architecture? "John!" she whispered, the low word moaning, as if it was a pleading out of her soul.

He nodded, as if he thought he had caught her thoughts, and, being what he thought they must be, agreed with them. She rebelled against that nod instantly, and called to him her protest:

"John! What is it—what?"

He didn't move, but spoke in the same even, deadly cold tone: "You mustn't lie to me, Jo," he said. "These days are what they are, and you girls are what you are. Money, money that you can't explain, doesn't come—you know that when you can't explain, it is because you don't want to, or somebody doesn't want you to. So drop the pretense, Jo, and for the sake of what we've been to each other, and what I've hoped we would be to each other, tell me—as much as you dare."

While the girl fought hard to ease the pain in her brain, he dropped his eyes, and a sad, quizzical smile touched his mouth. When he looked up he added: "You can trust me, Jo. I won't reveal any of your secrets, or anyone's else."

It was no trick, now, that sent Joanna's hands beating against his breast. All the trickeries had gone out of her aching little body. It was a girl who was maddened by the hurt he had given her, and who was fighting as a girl fights for the trust that is being denied her. "There is nothing more to tell," she cried frantically, while her hands beat as if to drive understanding into him. "I don't know why the money was given me, nor by whom. You must believe me, John, and help me."

He caught her hands and held them so tight that he hurt. But she didn't wince; just waited, her lips open, her eyes hungry, for him to speak.

"I haven't lost my head, Jo," he said. "It's you. And I was afraid. I was afraid it was coming, something like this. I knew you could never wear your skirts up to your knees, Jo, and flavor your kisses with cocktails, and

be as you ought to be. You've laughed at me and called me a fool when I've told you that what you and your friends think is smart is only polished dirt. I wasn't old-fashioned, Jo; it was only that I wanted my girl to be different, and better—and safer! I could never get away with it, though—so whatever it is, it's happened, hasn't it?"

He had not raised his voice. He had kept his even tone. The sorrowful, quizzical smile remained at his lips. Joanna was helpless; every fibre of her was wounded and useless.

All that she could say was: "You really don't mean it—John! You don't think that I would . . . ?"

"Think?" he replied. "Think? Why, what I am thinking is, that even tonight, when you must have known that you would have to tell me something, some better lie than you planned, you met me—meet me with this other man here too—in a gown like that! Half bare! True to the last to the morals of your kind, and your crowd!"

She heard her own voice, still pleading with him; but it sounded as if it were coming back to her from a great distance. The horror in her eyes had spread through her body and numbed it. She laughed, and cried out that he was playing with her. Then she fell into a chair and shook it with her sobs. But, so suddenly that it surprised the man who watched her, she got onto her feet and faced him. Her words were very distinct, now:

"You said a while ago, John, that you couldn't get away with it when you wanted me to be different than I was—than my kind and my crowd. Well, there's a lot more just like you! You didn't have anything to get away with. And you're not getting away with anything now!"

She thought, secretly, that he would protest, and that after a while he would be himself again, and take her into his arms, and ask to be forgiven, and believe and kiss her. She would explain about Brandon, about Graydon and Eggleston, and he would enter into her mystery with her. But he went out of the room, slowly, put on his hat and coat, and shut the door behind him.

Joanna sank to the floor, in the midst of the pretty pieces of the alabaster box in which she had treasured the only jewel she had.

(To be continued)

A MEDICINE THAT ALL MOTHERS PRAISE

Baby's Own Tablets Banish Babyhood and Childhood Ailments

Mrs. H. Oakes, Sarnia, Ont., says: "I have used Baby's Own Tablets in my home for the past fifteen years and I believe the good health my children enjoy is due entirely to this medicine. The Tablets are helpful at teething time; relieve colds and are always beneficial in the minor ailments of little ones. I have recommended Baby's Own Tablets to other mothers whose experience with them has been as satisfactory as my own."

Baby's Own Tablets do one thing only, but they do it well. They act as a gentle laxative which thoroughly regulates the bowels and sweetens the stomach, thus banishing constipation and indigestion; colds and simple fevers and turn the cross, sickly baby into a well, happy, laughing child.

Baby's Own Tablets are sold by medicine dealers or direct by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Little Helps For This Week

But this I say, brethren, the time is short.—I. Cor. vii., 29.

They are such dear, familiar feet that go Along the path with ours—feet fast or slow, And trying to keep pace—if they mis-take, Or tread upon some flower that we would take

Upon our breast, or bruise some reed, Or crush poor Hope until it bleed.

We may be mute Not turning quickly to impute Grave fault; for they and we Have such a little way to go—can be Together such a little while along the way

We will be patient while we may.

How careful one ought to be to be kind and thoughtful to one's old friends. It is so soon too late to be good to them and then he is always so grieved.—Sarah Orne Jewett.

Phonograph records of primitive languages that are dying out are being collected by scientists.

Given Name From Story

How Gold Mine Came To Be Called Flin Flon

How the Flin Flon, Northern Manitoba's copper mine, got its name was related at the annual meeting of the Mining Corporation, held recently.

A party was paddling down the lake on which the Flin Flon discovery was made. A book was found on the shore containing the story of a Chinese named Flin Flon, who discovered a bottomless lake. Flin Flon invented a boat in which he made a trip to the bottom of the lake, the story says. His journey took him into a new world, where women were bosses instead of men. This did not suit Flin Flon and he made a hasty return to the surface of the earth, with the women chasing him with sticks.

A few days later when the party discovered the historic break which has now become Flin Flon mine—one of them said: "This looks like the place where Flin Flon came up—"

So they called it "Flin Flon" and Flin Flon it was incorporated.

Her Heart Palpitated She Had Fainting Spells

Mrs. J. Wilson, Port George, N.S., writes:—"I suffered from palpitation of the heart and fainting spells, and, at times, I could not be left alone I was so nervous."

My trouble was caused from over-work and worry, having been left alone with a large family.

I had tried everything, without any relief, but I know, to-day, that I would have been a nervous wreck but for your wonderful

STRATFORD WOMAN

Restored to Health by Lydia E. Pinkham's Vegetable Compound

Stratford, Ontario.—"After my first baby was born I started to work on the tenth day and did a big washing on the twelfth day. Being so young (I was married at 19) I did not know what was the matter, so let it go until I was all run-down, weak and nervous, and had a bad displacement. For nearly two years I could not sleep and I would always complain of having 'not a head-ache, but a brain-ache.' My mother is taking Lydia E. Pinkham's Vegetable Compound during the Change of Life and she recommended it to me. After taking two bottles I began to get a little sleep and to feel better and I have never left off since then, except for about three months. I can safely say I have taken thirty bottles since my second baby was born. I think it makes child-birth easier as I had terrible pains with my first three children and very few with my fourth as I was so much stronger. I am now able to do my work alone, but I am still taking the Vegetable Compound as I am nursing baby."—Mrs. OMER PAUL, 49 Cherry Street, Stratford, Ontario.

If you are suffering from any weakness which causes such symptoms as pains in the side and back and nervous feelings, give Lydia E. Pinkham's Vegetable Compound a trial now.

LOOK. LOOK. LOOK

Thanks to the many who have already placed their Hail Insurance in our hands. We know there are quite a number yet to be insured who have been waiting development of their crops, which now have a very promising appearance on account of heavy rains received throughout the district.

Let us cover your crops with a reliable Hail Insurance Policy. We have reliable companies who will pay your hail loss promptly, and after receiving your hail loss from us, should all or any portion of your grain be of inferior or mixed grade we have a market for any quantity at a premium. We are out to give our Policy-holders unequalled service this year.

KENDRICK & GOOD. Phone 37

Does Life Insurance Pay ?

The answer is emphatically YES. Compound interest and careful financing of premium funds entrusted to the Company make this possible. During the short month of February, 1926, THE MUTUAL INSURANCE COMPANY OF NEW YORK paid 516 death claims.

A statement of same shows:—
516 death claims paid amounted to \$2,389,451.68
Total premiums paid on same: \$ 969,503.48 to company

Profit to the beneficiaries \$1,419,948.20

About \$2.50 was paid by the Company in settlement of death claims for every \$1.00 paid in premiums by the insured, and the Company stood to pay the full amount of each policy any time after the first premium was paid. February was no exceptional month, as practically that same ratio obtains month after month, and for years. Your answer to the question, then must be in the affirmative.

Church Announcements

EVANGELICAL NOTES.

The Children's Day services last Sunday were considerably effected by the muddy roads and unsettled weather but even despite the rain in the evening the attendance was 170 and the offering for foreign missions amounted to something over \$40.00. This is nearly \$10.00 more than last year.

Since the painting of our church and parsonage is nearing completion, many nice and rather interesting remarks have been made by the passers by. As an example of "Cleanliness and Godliness" the dignity and moral worth of a well kept and well governed church as an asset to any town or community has repeatedly been referred to by the spectators. Everyone seems to know that Zion Ev. church aims at dignity, Grace and order, as becometh a Christian church. A few days ago an observant old man of about 70 summers, while slowly passing, halted and gazing up at the church even to the top of the bell tower, removed his hat and as if speaking to the church bell said, "Ring out ye bells and may the people come." Hear ye people!

Mr. and Mrs. Reiber in company with Miss Anna Mueller and her brother Otto, left last Monday for an extended trip to Toronto, Hamilton, Kitchener, Waterloo, Stratford, Hespeler, Mildmay, Port Elgin, New York and other points in the East. It is hoped that the trip may mean much to Mr. Reiber after having been in rather poor health for some time past.

Mr. and Mrs. Guake are the happy parents of a baby girl born in the Didsbury hospital about ten days ago and together they returned to their home at Mayton on Wednesday of this week. Miss Bessie Clemens of Cardston, Alberta, and Miss Lois of Calgary are at present both home for a few weeks visit with their parents.

Mr. Fredrick Thomas Edwards passed away here in Didsbury hospital on June 15th, after an illness of about two and a half weeks. On May 28th he had the misfortune of meeting with an accident on a neighboring farm while riding on a field tractor. Somehow he got his foot caught in a wheel, crushing it very badly. After initial treatment by the family physician he was taken to his home. On Sunday, June 6, he was removed to the hospital where the infection which seemingly had already set in grew more and more serious resulting in his death on Tuesday evening, June 15th. Mr. Edwards with his wife, four daughters emigrated from Wales arriving here on the 2nd of May, 1925. Since settling here they have as a family won many friends and are being looked up to with high regard in the community. The funeral was held in the Didsbury Evangelical church and was very well attended, the pastor H. E. Roppel conducting the service. The heart felt sympathy of a large circle of acquaintances is extended to the sorrow stricken widow and children.

KNOX UNITED CHURCH

June 27th is Patriotic Sunday. This is not just a service, but is being observed throughout the length and breadth of Canada by a majority of the churches. Those who have flowers are requested to bring them and place them on a table near the pulpit. The music and sermon will be appropriate to the occasion.

Gladstone said that he went to church not only because he loved the church, but because he loved England. It is conceded that John Wesley saved his country from a revolution. The church has a message for the people in their patriotic endeavor.

Communion will be observed Sunday July 4th.
